## Your Protection Against Illness and High Medical Costs

Times have changed, and so have your needs. Even though you have Medicare, you still need additional health insurance to help cover your medical expenses. That's why Harford County Governmental Entities has selected the CareFirst BlueCross BlueShield Traditional Medicare Supplemental Plan for you. When you use the providers who participate with Medicare, you will have little to pay for Medicare - covered services. That way, you can just concentrate on feeling better.

## Using Your Benefit Summary

This benefit summary will show you how to use the Traditional Medicare Supplemental Plan. As you read through it, you see terms such as deductible. The definitions for these terms can be found in the Definitions Section of this book. They will help you understand how your plan can save you money and make your Medicare coverage even better than before.

This benefit summary will also tell you the following:

- What the Traditional Medicare Supplemental Plan is and how it works
- What Medicare does and doesn't cover
- When you'll need to file claims, and how to file them
- How to get the most from your health care plans
- What your Traditional Medicare Supplemental benefits are

If you have any questions, just call CareFirst BlueCross BlueShield's Customer Service Department at (410) 581-3539 or (800) 342-7287. You can call between 9:00 a.m. and 5:00 p.m., Monday through Friday. A customer service representative will be happy to help you.

## New ID Card for 2005

As you may know, identity theft using Social Security Numbers is a growing problem. CareFirst BlueCross BlueShield is committed to maintaining our members' privacy and security. In 2005, you received a new membership card with a membership number not based on your Social Security Number.

## What Your Plan Is and How It Works

### 1. What does the Traditional Medicare Supplemental Plan cover?

First, it covers your inpatient Medicare deductible and coinsurance, costs associated with emergency care, outpatient surgery and diagnostic services. Second, CareFirst BlueCross BlueShield will pay 80% of the difference between what Medicare pays and the Medicare approved amount (when you visit Medicare participating providers) or limiting charge (when you visit Medicare non-participating providers) for Major Medical services such as office visits and durable medical equipment.

### 2. How does the Traditional Medicare Supplemental Plan work?

Your Medicare coverage is always primary. That means that Medicare always pays first for Medicare - covered services. Your Traditional Medicare Supplemental Plan is your secondary plan. It provides benefits for some charges and services not covered by Medicare.

When you use a Medicare participating provider for medical services, you will have less to pay for Medicare - covered services because these providers have agreed to accept the Medicare approved amount for their services, commonly referred to as “accepting assignment.”

Medicare non-participating providers do not always accept the Medicare approved amount. You will pay more for your care when you use Medicare non-participating providers.

Sometimes Medicare non-participating providers will agree to accept the Medicare approved amount for some services. Whenever they do, you will have less to pay for covered services. Please refer to questions 4 & 5 for examples.

### 3. How can I save money with my Traditional Medicare Supplemental Plan?

Your Traditional Medicare Supplemental Plan pays all of your up-front Medicare Part A deductibles and coinsurance amounts, regardless if you see a Medicare participating or Medicare non-participating provider.

In addition, your Traditional Medicare Supplemental Plan covers the Medicare Part B deductible for most services. In these cases, you will not have to pay the deductible, even if you see a Medicare participating or Medicare non-participating provider.

#### 4. Why is it better to use Medicare participating providers?

When you use Medicare participating providers for Medicare and Major Medical covered services, you save money. Here's an example of a Major Medical service:

Provider's charge	\$50.00
Medicare approved amount	\$28.00
Medicare pays 80% of \$28 approved amount (after Part B deductible)	\$22.40
CareFirst pays 80% of \$5.60 balance	\$4.48
<b>You pay remaining 20% coinsurance</b>	<b>\$1.12</b>

#### 5. How much will I pay if I use Medicare non-participating providers?

Medicare non-participating providers can charge you the difference between the Medicare approved amount and the Medicare limiting balance. The difference is usually 15% more than the approved amount.

For example, a Medicare participating provider charges the approved amount for a service, say \$28. A Medicare non-participating provider charges you up to the limiting charge, which would be about \$32.20.

Here's an example of a Major Medical service:

Provider's charge	\$50.00
Medicare approved amount	\$28.00
Medicare limiting charge (15% greater than Medicare approved amount)	\$32.20
Medicare pays 80% of \$28 approved amount (after Part B deductible)	\$22.40
CareFirst pays 80% of \$9.80 excess charge balance	\$7.84
<b>You pay remaining 20% coinsurance</b>	<b>\$1.96</b>

\*CareFirst's allowed benefit for services covered by Medicare and CareFirst will not exceed the Medicare approved amount/Medicare limiting charge.

#### 6. How can I find out if a doctor is participating with Medicare?

There are three ways you can check on a doctor's participation with Medicare:

- Check the Medicare MedPar Directory (you can receive your own copy by calling Medicare)
- Call the provider directly
- Call Medicare at the following numbers

Maryland (800) 444-4606  
D.C. Area (800) 444-4606  
Virginia (800) 552-3423  
Delaware (800) 444-4606  
Pennsylvania (800) 746-5680

# What Medicare Does And Doesn't Cover

---

## 1. What does Medicare cover?

Medicare has two parts, A and B. Medicare Part A (hospital insurance) partially pays for medically necessary

- inpatient hospital facility charges
- care in a skilled nursing facility after a hospital stay
- home health care provided by a Medicare – participating home health agency
- hospice care for the terminally ill

Medicare Part B (medical services insurance) partially pays for medically necessary

- physician's services
- outpatient hospital services
- home health visits
- physical and speech therapy
- services and supplies covered by Medicare, such as x-rays and durable medical equipment

## 2. What isn't covered by Medicare?

Medicare does not pay the full cost of all covered services. Medicare requires that you pay a share of the costs in the form of deductibles and coinsurance/copays.

# When You'll Need To File Claims

---

You never have to submit a claim to Medicare. By law all providers must file these claims for you. And that applies to non-participating providers as well as participating providers.

## 1. If I receive care in Maryland, will I have to file any claims to CareFirst?

You will not have to file any claims with CareFirst for covered services if you receive the services in Maryland, Washington D.C., Delaware, New Jersey, Pennsylvania and Northern Virginia. While you may be asked to fill out claim forms for the provider, you will not have to submit the claims yourself.

CareFirst electronically receives claims from Medicare for covered services received in Maryland, Washington D.C., Delaware, New Jersey, Pennsylvania and Northern Virginia. That means that your claims automatically come to us from Medicare when you give your CareFirst membership number to your provider at the time you receive care.

Make sure that you always give your CareFirst membership number to your provider when you give your Medicare membership number. Without your CareFirst number, Medicare won't know to forward your claim information to us. You will then have to file your own claim.

## 2. Will I have to file any claims to CareFirst if I receive care outside of the states listed above?

Yes, your providers will file your Medicare claims for you. That's the law. But you will have to file claims with CareFirst to get benefits from your Traditional Medicare Supplemental Plan.

Here's what you should do. After Medicare has paid its share, you will receive an "Explanation of Medicare Benefits" (EOMB). Make copies of this form and of your bills for each claim. Do not send the original EOMB and medical bills. Keep the originals in your files. Claims rarely get lost, but if that should happen, you can resubmit your claim if you have kept the originals.

Send a copy of the EOMB, your bills and a completed claim form to the following address:

CareFirst Blue Cross Blue Shield  
Government Accounts  
10455 Mill Run Circle  
Owings Mills, MD 21117

### 3. What if I need a claim form or help submitting a claim?

Just call your CareFirst customer service representative. The numbers to call are (410) 581-3539 or (800) 342-7287. You can also call these numbers if you want to find out if your claim has been received.

### 4. Is there a deadline for filing claims?

Yes, we must receive your claims by December 31 following the year in which you receive medical care.

For example, if you received care in January of 2001, you should file your claim no later than December 31, 2002.

### 5. What happens if my claim arrives after the deadline?

Your claim will not be covered, and you will not receive payment. So be sure to file your claim right away.

## Getting The Most From Your Health Care Plan

To make sure that you make the most of your benefits and pay the least for care, follow these simple guidelines:

1. Always find out if a provider is participating (accepts the Medicare approved amount) or non-participating (does not accept the Medicare approved amount) before you receive care.
2. Avoid additional out-of-pocket expenses by using Medicare participating providers when you need Medicare-covered services
3. Always give your Medicare membership number and your CareFirst membership number when you receive care.
4. If you need to file a claim, file right away so that you don't miss the filing deadline.

# Mail Service Prescription Drug Program Sponsored By Walgreens

---

A mail service prescription drug program is a special added feature to your Traditional Medicare Supplemental Plan. For those who regularly take maintenance medications, this service provides a convenient and inexpensive way for you to order these medications and have them delivered to your home.

You can order up to a 100-day supply of medication for the required copayment of \$10. You must send the \$10 copayment with your prescription to Walgreens. The copayment will not be reimbursed through your medical benefits.

Medications are delivered to your home postage paid via UPS or First Class U.S. Mail.

Your medications will be filled with an FDA approved generic equivalent when available.

If you have any questions regarding this prescription service, call the Walgreens toll-free patient services telephone number, Monday through Friday at (800) 745-6285.

# Words You Need To Know

---

Approved Amount	<p>The amount that Medicare allows participating providers to be paid for Medicare – covered services. Payments are made according to the Medicare fee schedule (see following pages).</p> <p>Participating providers agree to accept the approved amount as payment in full for covered services. Non-participating providers can charge you more than this amount for your care (see limiting charge). The “approved amount” also may be called the “allowed amount” or “assignment”.</p>
Coinsurance	<p>Some services require that you pay a percentage of the costs for your medical care. For example, under Medicare Part B, you pay 20% and Medicare pays 80%.</p> <p>Some services require that you pay a set-dollar amount for your care. For example, under Medicare Part A, you must pay a set amount per day for inpatient hospital care after you’ve been hospitalized for over 60 days.</p> <p>Your Traditional Medicare Supplemental Plan pays the Part A coinsurance for you.</p>
Deductibles	<p>Some services require that you pay a deductible before Medicare begins to pay. For example, under Medicare Part A, you must pay the first \$776 of your hospital bill. And under Medicare Part B, you must pay the \$100 deductible for services. Then Medicare begins to pay its share.</p> <p>Your Traditional Medicare Supplemental Plan pays your Part A and Part B deductibles for you.</p>
Limiting Charge	<p>Some providers do not accept the Medicare approved amount as payment in full for Medicare – covered services. To protect you from high charges for these services, Medicare limits the amount that these non-participating providers can bill you.</p> <p>The limiting charge does not apply to any of the Traditional Medicare Supplemental Plan benefits that Medicare does not cover.</p>
Medicare Fee Schedule	<p>In general, payments for services are made according to the standard Medicare – approved fee schedule.</p>

Medicare Participating Providers	Physicians and suppliers who agree to always accept the Medicare approved amount as payment in full for services. (You still pay deductibles and coinsurance.) Medicare participating providers can charge you full price for services that Medicare does not cover.
Medicare Non-Participating Provider	Other physicians and suppliers who do not agree to always accept the Medicare approved amount as payment in full for services. Medicare limits the amount that non-participating providers can charge for Medicare – covered services. If you choose to see a non-participating provider, you must pay any difference between the limiting charge and the Medicare approved amount.
Provider	Any licensed doctor, nurse or professional. A provider may also be a health care facility, such as a hospital, laboratory or clinic.

\*Medicare does not place a limiting charge on durable medical equipment, therefore the CareFirst allowed benefit will prevail.

Note: If Medicare benefits are exhausted, or service is not covered by Medicare, CareFirst Medicare Supplemental Plan benefits may be provided.

Blue Cross, Blue Shield benefits for inpatient hospital services are provided for 120 days per inpatient stay with a 90-day renewal interval. That is, an inpatient stay will be one stay if discharge date and readmission date are not separated by at least 90 days.

Major Medical benefits supplement Blue Cross Blue Shield benefits by providing coverage for inpatient days in excess of those covered under Medicare/Blue Cross Blue Shield. Additionally, Major Medical covers certain services, such as office visits for an illness, that are not covered under Blue Cross Blue Shield.

Major Medical benefits are provided at 80% of the CareFirst allowed benefit, up to a \$50,000 lifetime maximum benefit amount. This maximum in no way creates a right to benefits after termination of your CareFirst coverage.
